

Investor Proposal & Call to Action

Artificial Hair Manufacturing from Plantain Stem Fiber and Recycled Wigs

Introduction

Lewisham Multi Solutions Ltd, under the leadership of **Frederick Ogwu (Managing Director)**, presents a scalable, profitable, and environmentally conscious investment opportunity in Nigeria's booming beauty and fashion sector.

We are launching a **mid-sized commercial factory** to manufacture **eco-friendly artificial hair products** from **plantain stem fiber** and **recycled synthetic wigs**, serving both local and international markets.

Why Invest Now?

✓ Proven Demand

- African hair market = **\$7+ billion**
- Nigeria's wig imports = **\$500M+ annually**
- Huge demand for **locally made, eco-friendly, and affordable alternatives**

✓ Quick Payback & High ROI

- **Capital Payback: < 30 Days**
- **Break-even: 6.3 days**
- **5-Year ROI: 28,700%**
- **Monthly Net Profit: \$1.37 million**
- **Initial Capital Investment: \$285,714**

✓ Production Capacity

- **100,000 units/month**
 - 90% from **plantain fiber**
 - 10% from **recycled wigs**
 - Average unit price: **\$10–\$15**
 - Monthly Revenue: **\$1.4 million**
-

Why This Matters

Local Innovation

- First of its kind in Africa: from **waste to wigs**
- Leverages **readily available agricultural by-products** and **discarded synthetic wigs**
- **Reduces import dependency** and foreign exchange loss

Job Creation

- 125+ **direct factory jobs**
- 250+ **indirect jobs** from sourcing, logistics, and recycling
- Empowers youth and women in underserved communities

Environmental Impact

- Prevents burning of synthetic wigs (no microplastics)
 - Promotes **biodegradable beauty products**
 - Embeds **circular economy principles** in the beauty industry
-

Funding & Partnership Opportunities

◆ Equity Investment

- Stake in a high-margin, scalable venture
- Participation in governance and strategic direction

◆ Impact Funds / Green Bonds

- Eligible under **climate-smart innovation and circular economy programs**
- Strong alignment with **UN SDGs: 8, 9, 12, 13**

◆ **Government & CSR Programs**

- Agro-waste transformation
- Youth & women empowerment
- Local manufacturing and export

Use of Funds

Component	Amount (USD)
Machinery & Setup	\$120,000
Facility & Infrastructure	\$50,000
Staff Recruitment & Training	\$30,000
Marketing & Distribution	\$25,000
Working Capital (3 months)	<u>\$60,714</u>
Total Required Capital	<u>\$285,714</u>

Next Steps

We are currently onboarding stakeholders for the **first production cycle (Q3 2025)** and welcome conversations with:

- **Angel Investors & VCs** seeking fast returns
- **Development Banks & NGOs** targeting agro-industrial transformation
- **Export partners and B2B distributors**
- **CSR-focused companies** looking to sponsor job creation and sustainability
